

Hungarian Wirehaired Vizsla Association
Championship Show

19 04 2014

I was highly excited to be invited to judge at this prime breed club show. The committee made me most welcome and my steward was most helpful. I received a treasured engraved letter opener and bottle of wine; all very much appreciated and enjoyed.

This superb breed was very difficult to judge as there were so many excellent quality exhibits. All except 1 person accepted my placings with grace and sportsmanship. It is very difficult to please everyone, but I pleased myself with my choices adhering to the breed standard. Thank you to everyone who entered. Many thanks for the great photos taken. When I saw what I had done I was so pleased with all the winners and all exhibits as all were worthy winners.

DCC	UPTON	Ragnolds Fantastic Mr Fox to Tragus	[BOS]
R/DCC	HARPER	Pitswarren Sirocco	
BCC	COLLIER	Belatarr Mahalia Jackson	[B I S]
R/BCC	DREW	Firefrost Huntress	[R/BIS]
BP	EDMINSON	Kisdons All Over Again	
R/BP	SPILLANE	Belatarr Hercules	
BV	SMILLIE	Farnfield Pussy Galore of Galcar Sh Cm	

M/PB 5/1ab. 1st Spillane's Beletarr Hercules Good start to the day with 2 super puppies to choose from in a good class which is promising for this breed. 1st was more together on the move, so will change places often I am sure.

2nd Ryan 's Belatarr Sculptor

3rd George/Parker 's Firefrost Full Moon

P/D 3 1st Ryan 's Belatarr Sculptor, just needs to body up, look forward to see him when more mature.

2nd George/Parker 's Firefrost Full Moon. I think in all breeds most pups mature at different times so difficult to access when still very raw, but all good breed type.

3rd Harmer's Leiborschy Kolyok

J/D 6 1st Upton's Ragnolds Fantastic Mr Fox to Tragus. What a future this young dog will have. Medium sized, with good coat and furnishings. Head well-proportioned and a little longer than muzzle, with moderate stop. Well-muscled, well laid shoulders and elbows close to body. Slightly longer in body, level back and slightly sloping croup with correct tailset. Well sprung ribs and well carried back. Nails short and a shade darker than coat, hindquarters have moderate angulation and short, well let down hocks. Very animated with ground covering gait and strong rear driving action, just a little too excited and exuberant in challenge for BOB. CC his 2nd, Good luck for his 3rd

2nd Johnston's Zoldmali Vodca. Very nice junior with a lot to like, good topline, moved with good ground covering gait. Good head type with lively and intelligent expression.

3rd Godfrey's Tragus Fire King

Y/D 2. 1st Turton's The Brigadier of Blamtrinever. Eye catching youngster with all the required breed attributes. He was exceptional on the move, has a good future I am sure. I see he is the son of a favourite of mine who has put a good stamp on improving this breed.

2nd Allison 's Napvirag Dolgos. Another very nice type, loved his head this is the expression which just oozes loyalty and affection and I am a softie.

G/D 3 1st Stehenson's Leiborschy Lincoln of Fryerfold. Deep chested well sprung ribs, good wire coat and furnishings just a bit bum high but moved well with correct gait.
2nd Rotherham's Blamtrinever Top Gun. Good front and feet, balanced shape and good furnishings, strong rear and well-muscled, close between 1 & 2.

P/G 6.1st Stephenson 's Leiborschy Lincoln of Fryerfold.
2nd Wild's Herlinga Harlan. Deep brisket and well sprung ribs well, angulated all through, docked tail so assume he works as he was in good fit condition
3rd May's Furdohazi Alnok of Amiryck

L/D 4 / 2ab. 1st Collier's Belatarr Dizzie Gillespie .Loved this dog who at nearly 3 has matured into a super dog. I loved everything about him and it was a close call for the R/CC. I did not realise I gave his sister B/CC and BOB. Campaign this dog as he is good, loved him a lot.
2nd Tragus Rudo 4 year old dog of very good breed type but let himself down on movement today.

O/D 7 1st Harper'sPitswarren Sirocco Res CC
2nd McLeish's Cwsscwn Cadiz .Nice 4 year old of very good breed type. Good front, strong topline and good angulation all through. Good tailset, animated flowing ground covering gait with strong rear action.
3rd Dowell's Leiborschy Ekko

V/D 1st Parry's Leiborschy Wilfek. 8 year old in super fit for function condition, certainly did not look his, age. Docked tail so must be worked as he had that distinguished obedient, intelligent expression with very handsome head, all with good coat and furnishings.

M/PB 3 1st Harper's Quodians Harifa at Pitswarren .6 month baby of beautiful type with superb outline, but just not filled her frame yet. She moved with style with a flowing ground covering gait. She was up against pups with more maturity, just needs more time, but should be a star, I am sure.
2nd Parry's Leiborschy Lenya. Another stunning puppy, in good coat moderate angulation, pretty head of correct proportions with lively and intelligent expression.
3rd Branney's Belatarr Lyra

P/B 3 1st B/P in show Edminson's Kisdons All Over Again. What a super pretty little sweet baby. She had that look of an angel but was told she is not. She looked as if she could work as she was so fit for purpose and affectionate, gentle mannered. Good coat and colour. Medium sized with distinguished appearance, just what the breed standard requires. I am sure she will make up as she is already quite mature and is a very nice breed example to be proud of. Well done, in her pictures for BIS she looked stunning.
2nd Parry's Leiborschy Lenya
3rd Wearing's Zoldmali Anizs at Genlusa

J/B 4 1st Smith's Tragus Sweet Rocket to Ferrarian. I was so disappointed this young junior did not show as well as I have seen her before, Have admired her from the ringside She had a new handler and was a little unsure, but made up for it eventually. She has such a good outline, good coat and colour, furnishings framed her to make her such a beautiful young bitch. In the challenge she had another handler who she seemed more relaxed with and showed her socks off and moved so well. Close call for R/CC seriously considered, but she is young and has a very bright future I am certain.
2nd Lewin's Vynesbrook Savanna. Slighter in build with good topline with nice tail set.

Strong hocks with good angulation fore and aft. Moved with animation and ground covering gait.

3rd Bendikas' Morganna Hot Spice

Y/B 6 1st Holman's My Solitaire for Silvanus. Beautiful bitch with correct outline. Out of coat which was a shame and going through that gangly stage. I have admired her before so I know what it is like when youngsters go through that stage. She has a beautiful head which this clever breeder has kept within her breeding program and should be very proud; how this breed has come on. Look forward to seeing her in 6 months' time. Everything to like as a stamp of good breed type.

2nd Smillie's Oakberrow Gintastic. So enjoyable to see such a good class she was in tip top condition, correct topline and tailset, good feet. Nice to watch her on the move.

3rd Cooper's Zoldmali Narcisz with Deifstock

G/B 6 1st Munday & Spalding's Deifstock Dolce Vita at Kubear. Such a great class; 22 months so just getting in her prime. She was so well balanced and moderate with good angulation, fit for purpose, stunning.

2nd Edminson's Kisdons All Over Again

3rd Smillie's Oakbarrow Gintastic

P/B 5 1st Aldridge's Gwaithmaes Devine Design. Pretty, pale bitch with good head and expression. Medium sized with distinguished appearance, moved well with good topline and tailset.

2nd Thompson's Bardantop Mulberry from Moricroft. 3 year old of good type, correct size and deep in brisket. Well proportioned head with tidy furnishings which framed a very intelligent and affectionate expression. Good coat.

3rd Lawson Zoldmali Sercli at Riannor

L/B 9 3ab 1st Collier's Belatarr Mahalia Jackson BCC / BIS. Oh Boy! This was my star and the one to take home, She is my interpretation of the breed standard, I could not fault her Everything, shape, coat, feet topline, tailset, shoulders, head. Moved as expected animated, flowing, and ground covering gait, with strong rear driving action. She was fit and fit for function. Good luck in the future and go to every show. She deserves to be made up, loved her.

2nd Upton's Tragus Honey Buzzard JW Another super type with good coat and colour, good topline and tailset, well developed thighs and short well let down hocks. Seemed a bit unhappy today and was not her usual self but there was a very breezy wind which did upset quite a lot of exhibits.

3rd Wearing Zoldmali Duna at Genlusa

O/B 5 1st Morgan and Schofield's Cwsscwn Calico. A very young bitch in this class but quality shone through. Very feminine with good coat. Well muscled, slightly arched neck on well laid back shoulders, good topline and correct tailset. Neat oval feet on low hocks giving straight hindquarters when viewed from rear. Animated flowing movement won her this class

2nd Smith's Tragus Ayana. Pretty headed bitch of excellent breed type with good topline and tailset moved well with flowing driving from rear movement

3rd Reed's Cuffnells Sweet Violet

V/B 3 1st B/V in show Smillie's Farnfield Pussy Galore of Galicar 8 year old who belies her age, super breed type moved better than some in the younger classes.

Nice eye correct head with moderate stop with the required broad nose. Lively and intelligent, medium size such a nice H W V thanks for bringing her.

2nd Lewin's Cwsscwn Chozen For Vynesbrook Although she looked good when going

round the ring with correct gait was a little hunched possibly because of the cold wind, but a super bitch.

S/Working/B RCC and R/BIS Drew's Firefrost Huntress This fit for function bitch was in superb condition, it is what we should strive for. Distinguished appearance with robust build, slightly longer in body to height. Good coat and furnishings very sweet pretty head with intelligent expression. I hope you will show her more as well as work her. Thanks for bringing her and combining show and work which really is what this breed is all about as they are such a good HPR breed in the field.

Judge Marion McAngus
